Details of beneficial student welfare scheme during 2017-18 year.

Sr. No.	Years	No. of Benefited Students	Amount in Rs.
1	2017-2018	241	223900

7.4 Contribution to environmental awareness / protection

All students were made conscious and literate about environment; by providing them knowledge of environment, its elements, its problems, importance of environment for human beings. The students are introduced and guided to create environmental awareness regarding water conservation, tree plantation and energy conservation.

Energy Conservation

In girls and boys hostels traditional tube lights are replaced by LED Bulbs to minimize power consumption. Electricity is used only during extreme condition because the building and classrooms have proper ventilation and natural light. All electricity is switched off immediately when there is no use.

Water Conservation

Rain water harvesting is done on roof of indoor game stadium then it is collected in the tank of 1 lac litres. The same stored water is brought by the pipeline without using electricity and then it is used for trees. This same water is used in Girl's hostel for other purposes except drinking. The water conservation three 'Gabian Bandhara' are built by N.S.S students. One day training camp held on behalf of Satya Mev Jayate and Water Foundation of Amir Khan.

Tree Plantation

The varieties of local as well as wild plants and seeds are planted in botanical garden. Every year N.S.S. students have planted trees in special camp organized in tutor village. According to government regulation 50 different types of trees are planted in the college campus on 1 July 2017.

Garbage Management

Waste in college campus is collected at specific place and decomposed, and it is used as fertilizer for trees in campus. E-waste is collected through drop box. This E-waste sent to the municipal corporation for further disposal. Efforts are taken to reduce the use of plastic bags and bottles in campus. N.S.S. students have been working on plastic free campus.

Waste generated from Botany laboratory is autoclave and then it is disposed in the drainage system. Liquid waste generated in the chemistry laboratory is diluted with water and then discharged. Dustbins with slogan are used in the college campus for waste management.

7.5 Whether environmental audit was conducted? Yes.

7.6 Any other relevant information the institution wishes to add.

Strength

- 1) Automated library.
- 2) Adequate infrastructure.
- 3) Self-finance courses a source of resource mobilization.

Weaknesses

- 1) Limited number of P.G courses
- 2) Unstructured alumni association.
- 3) Poor communication skills of the students.

Opportunities

- 1) Strengthening of counselling and placement cell.
- 2) Focusing more on learner centric teaching.
